Dolphin Skull

Daethpwyd o hyd i benglog dolffin hynafol yng Nghastell Aberteifi mewn cloddfa archaeolegol ddiweddar. Dyma gliw y byddai dolffiniaid canoloesol wedi ymddangos ar y fwydlen ar gyfer trigolion Aberteifi!

An ancient dolphin skull was found at Cardigan Castle during a recent archaeological dig. This is a clue that during the medieval era dolphin would have been on the menu for Cardigan's residents!

Rhowch gynnig ar dynnu llun gweddill sgerbwd y dolffin.

Have a go at drawing the rest of the dolphin's skeleton.
