CARDIGAN CASTLE

Saved From Ruin

CASTELL ABERTEIFI
CARDIGAN CASTLE

Cyn dechrau ar brosiect adfywio yn 2011, roedd Castell Aberteifi yn mynd â'i ben iddo. Roedd planhigion fel iorwg yn tyfu dros nifer o'r waliau.
Before a restoration project began in 2011, Cardigan Castle was falling to ruin. Plants like ivy grew over many of the walls.

Lliwch yr adfeilion. Allwch chi adnabod pa ran o'r castell sydd yn y llun?
Add colour to the ruins. Can you identify which part of the castle the drawing shows?
